Federal Election Commission General Counsel,

CELA

RECEIVED
FEDERAL ELECTION
COMMISSION

On May 5th 2014 I received your letter and complaint that has been filed against the Cox for Congress campaign and myself.

My team and I take these allegations extremely serious and immediately began auditing the Cox for Congress quarterly filings and amending any mistakes that were made in error and without malice.

I currently use the software provided by the FEC to file my reports. No warnings or errors have occurred when I filed.

It is my intention to amend my filings for name consistency and return any money that was taken above and beyond the limits set forth by the FEC.

As a first time candidate any errors I have made were done so unknowingly and without malice. I can be reached via phone with additional questions at _____ or email David@cox2014.com.
